Additional information

About me

My technical stack includes:

- Native Languages — Java, Kotlin
- Architecture Patterns — MVVM, MVI, MVP
- Multithreading frameworks — Kotlin Coroutines, RxJava
- Web Services for Mobile — RESTful APIs, HTTP, JSON, XML, SocketIO, WebSocket
- Database — SQLite, Room, Realm, Firestore
- Dependency Injection Frameworks — Dagger2, Hilt
- Android Jetpack — ViewModel, Flow, LiveData, Navigation, WorkManager, Lifecycle, Jetpack Compose
- Collaboration tool that organizes projects — Trello
- Design concepts — SOLID, KISS, DRY
- 3rd Party libraries — Retrofit, Glide, Coil

I created more than 10 applications in real projects.

Student application for CRM project.

- It has over 10K users.
 - Used feature module for payment SDK.
 - Created in MVVM multi-module architecture.
 - Socket and Firebase FCM are used for real-time chats and notifications.
 - Biometric authentication for user convenience
- <https://play.google.com/store/apps/details?id=uz.unical.edusystem.student>

Comfort Oil for fuel delivery. I attended this project for support. I updated UI and added some features.

- Used Yandex map.
 - Integrated online payments
- https://play.google.com/store/apps/details?id=uz.unical.comfortoil_user

Taxi project for users. This project was completed and realized for production but it hasn't started for business yet.

- Used Google Maps for showing taxis and drawing routes.
 - Implemented Multi database for saving data.
 - Comprehensive used coroutines for concurrency
- <https://play.google.com/store/apps/details?id=uz.unical.umid.user>
- Taxi project for drivers.
- <https://play.google.com/store/apps/details?id=uz.unical.umid.driver>

Bito ERP project. I supported this application to adapt to different screen sizes.

- Created UIs without XML codes, used CustomViews and CustomLayouts extended View and ViewGroup.
 - Used FLAGS for control application access modules.
- <https://play.google.com/store/apps/details?id=uz.unical.bito>
- Bito Boss ERP project.
- <https://play.google.com/store/apps/details?id=uz.unical.bitoboss>
